RetURN.org

*This is your pet's RetURN.org ID. Follow the directions below to set it up.*

*Not clipped here? Your provider may have already put it on or inside your urn.*

BECAUSE PETS ARE FAMILY, TOO.

# Make sure someone always knows what you wanted with a RetURN.org ID.

**Your pet's urn may outlive you. Fortunately, you have a RetURN.org ID.**

A RetURN.org ID tells whoever inherits the urn whose ashes are inside and what you'd like done with them in the event you aren't around to answer.

**Without opening the urn, whoever has it can learn:**

- That it holds cremated remains
- Whose they are
- Your wishes for their care

## How to Set Up Your Pet's RetURN.org ID Profile

1. **Activate the RetURN.org ID.**
Using the camera on your phone, scan the QR code on this sheet, or visit RetURN.org/activate. Enter your pet's RetURN.org ID to activate it.

2. **Add your pet's profile.**
Choose Pet. Add your pet's name, basic identification information about them, along with your wishes for their cremated remains. Nothing is public until you publish it.

3. **Attach the RetURN.org ID to your urn.**
Remove the backing from your RetURN.org ID and press it firmly onto the urn for 30 seconds. The adhesive reaches full strength in about 48 hours. Your pet cremation provider may have done this for you.

WHERE TO PLACE THE RETURN.ORG ID

Your RetURN.org ID is designed to last more than 100 years. Place it somewhere discreet but easy to find, such as the bottom of the urn.
